

QLASSIC AWARENESS

SUMMARY PROGRAM

Quality Assessment System in Construction (QLASSIC) is a system or method to measure and evaluate the workmanship quality of a building construction work. Developed based on the Construction Industry Standard (CIS 7) QLASSIC was introduced to the Malaysian construction industry to address the continuing problem of workmanship quality in the construction projects. There are current considerations to make QLASSIC mandatory for all projects is being considered. A key approach towards this is encouraging contractors to be trained to be able to adopt QLASSIC in their projects.

OBJECTIVE

- 1. To outline on what constitutes as acceptable levels of workmanship quality of the building works in the construction industry
- 2. To enable industry stakeholders to measure workmanship quality of building works

LEARNING OUTCOME

At the end of the training, trainees would be able to understand:

- 1. The process of applying for QLASSIC application
- 2. How QLASSIC assessment procedure is carried out
- 3. How QLASSIC scoring system is calculated
- 4. The processes that needs to be in place to achieve high QLASSIC scores

WHO SHOULD ATTEND

- Contractors
- Construction Clients
- Architects
- Quantity Surveyors
- Engineers
- Construction Student & Researchers
- Participants who have attended the QLASSIC Assessor Course CIS 7: 2006 & CIS 7: 2014

REGISTER NOW

ITINERARY

TIME	TOPICS
8.15 am – 10.30 am	MODULE 1 Introduction to QLASSIC & CIS 7: 2021
10.30 am – 11.15 am	Break
11.15 am – 1.00 pm	MODULE 2 - Defects Classification Architectural works - Internal Finishes

1.00 pm - 2.00 pm

Lunch break

MODULE 2 (Continue)

2.00 pm - 3.00 pm

- Architectural works
- External Finishes

3.00 pm - 5.15 pm

MODULE 3, MODULE 4

- Sampling Techniques
- Method Assessment
 - Q & A Session
